NRI to provide “mPLAT Suite” on AWS Marketplace

TOKYO, October 11, 2018 – Nomura Research Institute, Ltd. (NRI), a leading provider of consulting services and system solutions, today announced it starts providing “mPLAT Suite”, NRI’s hybrid-cloud management platform, on AWS Marketplace. The offering will be available online both in the US and Japan in Oct, 2018.

AWS Marketplace is an online store that enables customers to find, purchase, migrate and use the software and services necessary for business to run quickly.

"mPLAT Suite" provides operational functions that efficiently integrate and manage hybrid-cloud environments with various public clouds, private clouds, and on-premises. By making mPLAT Suite available on AWS Marketplace, users can realize swift and flexible solution deployment globally, and it will be possible to perform integrated system management in this time of rapid digital transformation.
