NRI Secure Receives “Japan Managed Security Service Provider of the Year Award” for Second Straight Year

Tokyo, November 28, 2018 - NRI SecureTechnologies, Ltd. (“NRI Secure”), a leading global provider of Managed Security Services, today announced that Frost & Sullivan recognized NRI Secure with the “2018 Japan Managed Security Service Provider of the Year Award” at the 2018 Frost & Sullivan Best Practices Awards. This marks the second year in a row that NRI Secure honored with the prestigious award in the global security market.

The Award is given to honor companies that demonstrate remarkable performance and excellent service in the field. Selecting the award recipients, Frost & Sullivan analysts evaluate market participants based on the following five criteria: financial performance, customer service experience, customer purchase experience, price / performance value, and brand equity. NRI Secure was presented with the Award having marked the highest overall score among the contenders, and in recognition of its role as a leader in the Japanese managed security services market.
